S T. JOSEPH'S COLLEGE OF ENGINEERING

Department of

Artificial Intelligence and Data Science

DATA ECHELON '25

DATAVERSE

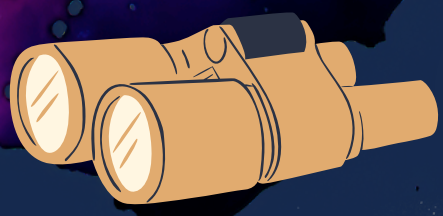
RULES

- *Maximum of 2 participants per team.*
- *A participant can register in only one team.*
- *Teams must report to the venue on time on the event date.*
- *The time limit will be strictly enforced for each round.*
- *Participants may use laptops during the model-building round.*
- *Any form of malpractice, plagiarism or external help will result in disqualification.*

TREASURE HUNT

ROUND 1

- ***Participants collect data features of the dataset to perform the simple ML model building in the second round.***
- ***The clues of the features are hidden throughout the venue.***
- ***The teams who collect all the features in the stipulated time are qualified for the next round.***



PSEUDO-FILLED ML MODELLING

ROUND 2

- *Each team will be provided with a partial pseudocode of a ML model.*
- *The missing portions must be completed using fill ups and drop-down options provided in th interface.*
- *Teams must fill in the correct steps for data handling, feature selection training and evaluation.*
- *Only the features collected in Round 1 can be used in the model.*
- *The dataset remains the same for all participants, but problem statements differ between teams.*
- *The final goal is to achieve maximum possible accuracy with the given constraints.*
